12th International Conference on Physical Therapy AIIMS 2026

Call for abstracts

Please read the information carefully before submitting.

Submission Process:

Apply through Google Forms - https://forms.gle/Y1tV9yzovmCbCFiE8

IMPORTANT

1. Submissions will be accepted only through Google Forms.
2. Only One Presenter per Paper/Poster/Innovation.
3. Only the presenter will be awarded.
4. One Person can send only one entry.

IMPORTANT DATES	
Date of Submission Starts	15 OCT 2026
Last Date of Submission	25 NOV 2026
Acceptance Notification	By the end of November

Categories for poster paper and innovation:

Paper category	Junior orthopaedic category	Junior neurology category	Junior cardiopulmonary category	Junior sports category	Junior miscellaneous category
	Senior orthopaedic category	Senior neurology category	Senior cardiopulmonary category	Senior sports category	Senior miscellaneous category

Poster	Junior category	Senior category

Innovation	Junior category	Senior category

Junior category: BPT (including undergraduates) with 5 years or less in professional work/ education.

Senior category: BPT with more than 5 years in professional work/ education.

Abstract guidelines for Poster, Paper and Innovation

1. **Word Count:** Typically, **250 to 300 words** (excluding the title and author details).
2. **Typography: Times New Roman**, size **12**, with double or 1.5-line spacing.
3. **Abstract Structure:**

For paper

- **Background/Introduction:** Briefly state the clinical context, existing literature gap, and rationale of the study.
- **Aims & Objectives:** Clearly state the primary research question or clinical hypothesis.
- **Methodology (Materials & Methods):** Detail the study design (e.g., RCT, observational, case study), participant characteristics (inclusion/exclusion criteria), intervention protocols, and statistical analysis methods.
- **Results:** Summarise key quantitative or qualitative findings objectively.
- **Conclusions:** Emphasise the clinical implications, relevance to physiotherapy practice, and broader impact.

For innovation:

- **Title:** Concise and descriptive, highlighting the core novelty
- **Problem Statement / Rationale:** Clearly define the clinical unmet need, gap in conventional practice, or limitation of existing tools.
- **Description of the Innovation:** Detail the design, technical specifications, or procedural workflow. Explain *how* it works and what makes it unique.
- **Implementation & Feasibility:** Explain how the innovation was built, tested, or deployed. Touch upon usability, patient/clinician compliance, and cost-effectiveness.
- **Evaluation / Preliminary Results:** Present qualitative or quantitative data from pilot testing, user feedback, or clinical trial phases.
- **Conclusion & Future Scope:** Summarise the clinical impact, scaling potential, and steps toward commercialisation or widespread clinical adoption.

Poster guidelines

1. Maximum size: 3 feet (width) × 4 feet (height). Portrait orientation.
2. The content should be concise, visually appealing, and easy to read.
3. Only one student will be allowed to present the poster.
4. For poster presentation only, the title of the topic is required.

Conference registration is mandatory for all presentations.

Presentation Guidelines:

- Only one author will be permitted to present the paper/poster/innovation.
- Each presenter will be allotted 8–10 minutes for the presentation.
- Participants are advised to plan their presentation for 6–7 minutes for questions.
- The final presentation must be prepared and submitted in PowerPoint (PPT) format.
- The abstract will be cancelled if plagiarism/AI is detected. No negotiations will be entertained
- For any queries regarding submission, please reach out to incptaiims2026@gmail.com
